SikaCeram® CleanGrout

ARGAMASSA PARA JUNTAS ENTRE 1 E 8 MM
CATÁLOGO DE CORES

© Sika Portugal, SA - 06/2014 - ASS55 - JDMER

SikaCeram® CleanGrout

Argamassa para selagem de juntas entre 1 e 8 mm de largura, ideal para cerâmica, pedra natural e azulejos. SikaCeram® CleanGrout é fácil de aplicar e limpar.

A fórmula inovadora assegura cores brilhantes e duradouras, efeito repelente de água e características antifúngicas. A combinação de resistências à abrasão e aos UV, e elevadas características mecânicas, assegura aplicações fiáveis no interior e no exterior, paredes e pavimentos, pisos radiantes, fachadas, piscinas e tráfego ligeiro ou pesado.

Nota: as cores apresentadas são apenas ilustrativas.
